Taking a Long Recess.

The Republicans of Estill County are still in the throes of a hot convention which met at Irvine a number of days ago to nominate a candidate for Circuit Clerk. After several days of futile efforts to agree even on a temporary chairman, the convention has adjourned for a long recess, till July 14. The matter of delegation from Miller's Creek and Station Camp has been referred back to another mass convention which will be held June 20.

Killed Cockrell too.

Curt Jett has been indicted at Jackson for the killing of Town Marshal Cockrell some time ago. The Commonwealth has been granted a charge of venue in the cases to Morgan county. A remonstrance has been made against the cases going to Morgan, but there is no just reason for this. Morgan is a very peaceable county, and it will be no more trouble to have justice meted out to the guilty there than any other county.

Will Meet at Estill Springs.

The Kentucky Pharmaceutical Association, will meet at Estill Springs June 16 to 20 in its twenty-sixth annual session. A strong program has been prepared replete with entertainment and some very interesting subjects to be discussed. There are to be a number of novelty amusements on during the convention, which will furnish de-

lightful entertainments for the visitors.

A Strange Coincidence.

A dispatch from Frankfort says: "A strange coincidence has developed in connection with the Breathitt troubles. In February, 1902, Curtis Jett was pardoned by Gov. Beckham for the offense of malicious shooting and cutting, his sentence being six months in jail and \$200 fine. He had served nearly three months of his sentence. The man who brought the petition and letter to Governor Beckham and asked the pardon in person, was James B. Marcum, the man who was assassinated a few weeks ago, and Curtis Jett is accused of being the assassin. Marcum's name is signed to the petition along with James Hargis, Sheriff Calahan, Elisor Little and others. Winchester Democrat.

Destruction in the West.

Hundreds of lives and millions of dollars worth of property have been lost in the Western states by floods and tornadoes the past week and thousands are homeless. In the city of Topeka, Kas. alone 200 lives were lost by flood and as many more missing. A cemetery at Des Moines, Ia., was robbed of several bodies by being washed up. Such is not the case in old Powell. We are having rain in plenty, and there was never such calamities experienced in the county's domain. Those persons who contemplate going west should note these facts.

Ready For Business.

The firm of Shimfessel & Waldron having been dissolved, and the partnership closed, I will continue the business at the old stand, and will continue to sell the remainder of the old stock AT COST. My

New Goods are Here.

A nice, clean, well-selected stock of everything you need will be kept by me and sold at close prices. I have an elegant line of

Newsboys a Plenty.

Clay City, for the present, is well supplied with newsboys most, every noted daily being represented in this field. Democratic readers should always call for the Democrat when buying Lexington papers. It is true to the party and always has been. Think just once of its opponent's political policy, which has changed four times in a few years, and according to this rate another change is due. Whether this boltocratic-Republican ally will go over the old routine or issue a new program is probably yet undecided by the management. However, it is conceded that it will take the policy which will prove the most destructive to Democracy.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. Newsom, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50¢. It's guaranteed by Swann-Day Lumber Co.

Richmond Court.

June court day was dull and slim. A small crowd was in town and nothing much doing. Norris Bros. report 200 sheep and 50 cattle at their yards, and sales slow. At the Madison County Stock Yards there were 500 sheep and 50 cattle. Three and four cents were the prevailing prices. The horse and mule market was likewise very quiet.—Richmond Register.

Driven To Desperation.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in Burns, Cuts, Wounds Ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It is the best on earth. 25¢, at Swann-Day Lumber Co's Store.

Mr. Hankins in Wolfe.

George R. Hankins, of the New Ohio-Kentucky Oil Company now doing work in Powell county, was here Saturday and Sunday. He reports five good producing oil wells in Powell county for his company. Mr. Hankins is one of the promoters of the Red River Oil Company of this place, and was here on business connected with said company.—Hazel Green Herald.

That Throbbing Headache.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents, money back if not cured. Sold by Swann-Day Lumber Co.

Council Meeting.

The City Council met in its semi-annual session last night. The election of teachers probably prompted some of the members to come out on this occasion. The election, however, was deferred until the next regular meet-

ing of the honored body. The regular routine of business was gone through with.

Irvine Items. [Irvine Herald.]

Mrs. Clara Jacobs Park, aged 31, wife of James W. Park, died at her home in East Irvine on the 27th, about 8 a.m. She was a daughter of Mr. and Mrs. B. F. Jacobs, and was only ill a day or two before her sudden death.

On Saturday night, after the church supper was over and nearly everybody had left the courthouse, Charlie Summers was knocked in the head and relieved of his coat, containing some valuable papers, and his false teeth. What use anyone could find for a set of false teeth, is hard to tell. He had about \$70 on person, but it seems that the thief was satisfied with the other articles and left him unconscious, and did not take the money. No clue has been found to the guilty person.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption coughs and colds to be unequalled. A recent expression from T. J. McFarland, Bentorville, Va., serves as example. He writes: "I had bronchitis for three years and doctored till the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me. Equally as effective in curing all throat troubles, consumption, pneumonia and grip. Guaranteed by Swann-Day Lumber Co. Trial bottle free, regular sizes 50¢ and \$1.00.

Cob Hill.

A large audience was out to Sunday school Sunday.

Mr. Ike Rogers who has been sick a long time, is now convalescent.

We have had good rains after the long dry spell. Farmers no longer fear a drought.

Dr. Seay and family visited Union Chapel and that neighborhood Saturday and Sunday and are well pleased with their visit.

An old lady passed away Saturday after having passed the 88th mile stone. She was buried at the Cross Roads. A large number of relatives and friends followed the remains to their last resting place. She had been blind for many years.

On Saturday evening the 13th there will be an entertainment of readings and recitations. It is expected some new features will be introduced that will make it superior to anything we have ever had at this place. Mr. editor, come and we will accord you a welcome. All is free of charge.

At Kokomo, Ind., a cyclone wrought damage to property to the amount of half a million.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

A son was born to Willie Clem and wife last week.

Mrs. Nannie Pryor visited her daughter, Mrs. Ray McKinney at Waltersville last week.

Mrs. J. F. McKinney visited her daughter, Mrs. J. W. McKinney in Clark county last week.

Our Republican brethren after a conventional session of a number of days at Irvine, are taking a recess until July 14.

Pastor Willis preached to his congregation at the Methodist church Sunday morning in lieu of his regular appointment on the fourth when he could not be here.

The recent rains have greatly stimulated crops, and encouraged farmers. The situation was becoming serious, but as usual the rains came in time to save us.

Elder John P'Simer, of Johnson will preach at Salem Sunday morning at 11 o'clock. He is an earnest man and an interesting talker and we hope to see a good crowd out to hear him.

J. W. Dawson & Bro., who formerly did a large business at this place, have purchased a large boundary of timber near Miller's Creek and will work same immediately. Mr. J. H. Dawson will move from Rabbtown where he now lives to Miller's Creek that he may be convenient to his business. They have our best wishes for success in their latest undertaking.

Bridges and Good Roads.

The TIMES has always had and always will have opinions, and it sometimes expresses them quite freely. It stands out boldly for the construction of bridges across Red river where they are so badly needed, and a complete system of macadamized roads in Powell county.

With a few thousand dollars thus invested the taxable property on the whole would be proportionately increased. Numbers of our wealthy and best citizens are being attracted to our neighbor bluegrass counties by their splendid turnpikes as well as their fine grazing lands and the shameful neglect of our own roads.

As a matter of experiment let the Powell Fiscal Court build say a few miles of pike where it is most needed, and one bridge at a popular crossing and await the result which is bound to prove a success. If this innovation is beneficial to our people they will demand that the good work be extended.

We believe the construction of a full system of pikes throughout the county would result to profitable to all and be worth triple the outlay to the taxpayers. Say \$50,000 in bonds be issued and used for this purpose. Three-fourths of this amount will be spent within the county's borders for teams and labor alone. Then we are really only out about \$12,000. The laborers will spend their earnings with home merchants which adds an increased business for them and a permanent expansion of trade will result when these necessities are completed.

Land all over the county would enhance in value to about double its present worth, and the tax rate now collected on the increased valuation, which would be sure to accrue, would in a few years pay off the bonds and maintain the improvements, so, in reality, these valuable accessories would cost us nothing in the long run. The proposed pikes and bridges, if built would be very profitable to the people and work wonders in our midst. It would be profitable to property owners because it would enhance the value of real estate; profitable to merchants because it brings increased business; profitable to laborers because it gives more labor.

If it is true that J. B. Marecum, knowing Jett as he did to be such a notorious bad criminal, prepared the petition, indorsed it and interceded in person with the Governor and had him pardoned of a sentence little over a year ago, he deserves less sympathy than he gets, but it is none the better for his wife and children, nor did it in the least justify his ungrateful client's assassination. He should be hung just the same and as soon as possible.

We are sometimes requested by our friends to rip some individual up the back for some trivial difference they may have had. We don't indulge in this kind of business to avenge our own wrath, even against our delinquents; then how can you expect us to do this for you?

Why hasn't the list of county claims allowed by the Powell Fiscal Court at its April term been published as it has heretofore been and as the law requires? Our columns are open for an explanation.

The policy of the TIMES is being commended by men of re-

nown and influence in every portion of this parish. The enterprising people of the county are finding in it a mouthpiece for their worthy sentiments.

How about our candidate for Legislature this fall? The time for their election is drawing nigh and no one so far has been mentioned in this connection. This matter should not be delayed too long.

Hanna's announcement that Roosevelt had asked for Ohio's support is rather amusing in the face of Teddy's official declaration the day before that he had asked no one's support.

An attorney, who for a fee, will work and secure a pardon for a known guilty criminal is as equally guilty as the criminal himself.

Drouth Broken.

The dreadful drouth which covered four-fifths of the month of May was broken the last of last week by nice gentle and abundant showers. Farmers can now proceed with their farm work with a great deal more satisfaction than before. It always rains enough in these parts to raise good crops, but some people frequently get alarmed and think it won't.

Deafness Cannot be Cured. by local applications as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any ease of Deafness (auscult by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

LIVER TROUBLES

"Find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAVOLINE MARTIN, Parkersburg, W. Va.

If your liver does not regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

A. Mr. Hoffman, of Michigan, has moved into the Laura E. Hull property in the western part of town.

Our photographer Mr. John W. Henry makes the very best pictures. See him and have your beauty struck.

The country schools are now in demand by the busy teachers, still no contracts can be made till July 1.

Prof. Eubank has been engaged to teach the Harlan County Teachers' Institute which will be held the first week in July.

The Kentucky Valley Medical Association will meet at Torrent June 25 and 26. An interesting program has been prepared and a good meeting is expected.

The grave on Seventh avenue which is kept in such a shameful condition, needs the earnest and thoughtful attention of the honored board of City Council.

The ice cream supper at the Christian church was well patronized Saturday night, and the unprecedented amount of \$48 was realized from this source for church purposes.

W. E. Heflin, the hustling Snow Creek farmer, sold his crop of wool in Mt. Sterling a short time ago for which he realized a sum averaging over \$1.55 per head for the sheep on which it grew.

No, the Times is not getting rich, but we received orders for more than \$25 worth of business in less than three hours time Monday morning. How's that for a country print shop?

When you want a pleasant physician try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. For sale by all dealers in patent medicine.

For all kinds of choice fruit and confectionery, lemonade and pop on ice, go to Jo. Martin in the Tucker Building. His stock is always fresh and clean. Give him a call.

Misses Clevie and Cllie McKinney, of Spout Spring, were here shopping yesterday.

Irvine, like other neighboring towns, is striving to reach Clay City in her modern improvements. She now wants a Graded School like we've had for ten or twelve years. Good idea.

Prof. Durrett White, of this place, and an intimate friend of Senator John Bennett, deceased, pays a beautiful tribute to this distinguished gentleman in last week's issue of the Richmond Climax.

The local ball team played the Lexington Haymakers on the home grounds Sunday, defeating them by a score of 4 to 0. The Clay City team seems to be a cracker-jack, but they ought not to play on Sunday.

Capt. T. J. Wright, of Butler, Mo., who is visiting relatives in this part of Kentucky, was greatly impressed upon his return to his father-in-law's old home near Irvine, and peoned a few lines of poetry in memory of the joyful by-gone days, and the sad events that have since transpired which was published in the last issue of the Irvine Herald.

The Best Liniment.

I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Anna Hagelgauz, of Tuckahoe, N. J. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family liniment I have ever used. I would not think of being without it. I have recommended it to many and they always speak very highly of it and declare its merits are wonderful." For sale by all dealers in patent medicine.

Commendable Young Ladies.

Any three or four of our young ladies seem to possess more energy and pizazz than the whole aggregation of young men in the town. These fair beings have to raise the church funds, do all the choir singing, do most all Sunday school work and take the lead in all social piety and church work. About all our young men seem interested in is a good game of Sunday base ball, a swell hop at the Light House and a reputation for being a brave and fearless hero. These placid and christian young ladies have our sincerest sympathy, for truly if they must choose a husband from such a lot they are in a pitiable condition.

GREATLY ALARMED.
By a Persistent Cough, but Permanently Cured by Chamberlain's Cough Remedy.

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of twenty-five cent size, was permanently cured." Sold by all dealers in patent medicine.

Well made, Ready mades, in ladies' Skirts; New patterns, new styles, lowest prices.

Clay City, Ky.

Money in Grubbing Sprouts.
Wuck Reynold, a Garrard county farmer, dug up \$4,000 in silver fifty-cent pieces while grubbing roots on his farm near Silver Creek. The money bears dates during the

sixties and is supposed to have been buried during the war.

Too Great a Risk.

In almost every neighborhood some one has died from an attack of colic or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all dealers in patent medicine.

Successful Business Man.

Cliff Shimfessel, one of our all-around genial and ever progressive up-to-date hustling merchants, is not to be deterred by fate or fortune, but arises over one difficulty after another. In a very brief time he has sustained the loss of two delivery horses and the destruction of one wagon. Notwithstanding these misfortunes, he is on hand with a new wagon and a fresh horse, delivering the best goods in great quantities to all parts of the municipality.

A Farmer Straightened Out.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Ruyer, of Patterson Mill, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for cured me.'" For sale by all dealers in patent medicine.

A Model Farmer.

Mr. R. W. Garrett, one of our most successful farmers, drove 25 head of beautiful cattle from his Hardwick's creek farm to his home place one day last week. If all of our rural friends would turn more of their attention to stock raising and agricultural pursuits and the improvements of their land instead of cutting and disposing of their timber, they would be better off than they now are.

Mr. Joseph Pominville, of Stillwater, Minn., after having spent over \$2,000 with the best doctors for stomach trouble, without relief, was advised by his druggist, Mr. Alex. Richard, to try a box of Chamberlain's Stomach and Liver Tablets. He did so, and is a well man today. If troubled with indigestion, bad taste in the mouth, lack of appetite or constipation, give these Tablets a trial, and you are certain to be more than pleased with the results. For sale at 25 cents per box by all dealers in patent medicine.

THEDFORD'S BLACK DRAUGHT THE GREAT FAMILY MEDICINE

Thedford's Black-Draught has saved doctors' bills for more than sixty years! For the common family ailments, such as constipation, indigestion, hard colds, bowel complaints, chills and fever, biliousness, headaches and other like complaints, no other medicine is necessary. It invigorates and regulates the liver, assists digestion, stimulates action of the kidneys, purifies the blood, and purges the bowels of foul accumulations. It cures liver complaint, indigestion, sour stomach, dizziness, chills, rheumatic pains, headache, backache, kidney trouble, constipation, diarrhea, biliousness, piles, hard colds and headache. Every druggist has Thedford's Black-Draught in 25 cent packages and in mammoth size for \$1.00. Never accept a substitute. Insist on having the original made by the Chattanooga Medicine Company.

I believe Thedford's Black-Draught is the best medicine on earth. It is good for any and everything. I have a family of twelve children, and for four years I have kept them on foot and healthy with no doctor but Black-Draught. A. J. GREEN, Illeware, La.
